SCALYX

Whitepaper

Table of contents

1. Introduction

Scalyx is an innovative ERC-20 token project created by a dedicated small team striving to enliven the cryptocurrency market with a new and engaging concept. The Scalyx token series is set in a vibrant pixel dragon world, where every token depicts the evolution phases in the life of a dragon within this mythical realm. The project is designed to offer more than just financial value - it aims to create an immersive experience that blends real life digital assets with the fantasy of the dragon lore.

Scalyx will be introduced via multiple development stages, each representing a key phase in a dragon's life cycle - from the small egg to the majestic adult dragon. As the project progresses, each stage will unlock new features and opportunities, reflecting both the evolution of the dragon and the growth of the Scalyx ecosystem. With Scalyx, you're not just investing in a token, you're joining an adventure in a world where your digital dragon's journey mirrors the expansion of this unique and dynamic platform.

2. Token Structure

SCX1: Dragon Egg

Symbol: SCX1

Description: The first token in the Scalyx series, represented by a dragon egg. It marks the dragon's journey's beginning and symbolizes the new project's potential for development, as well.

SCX2: Baby Dragon

Symbol: SCX2

Description: The second token in the series, represented by a baby dragon. This token symbolizes growth and development achieved over time through continuous efforts.

SCX3: Adolescent Dragon

Symbol: SCX3

- Description: The third token in the series, represented by an adolescent dragon. This token symbolizes the project's growth and readiness for new challenges.

SCX4: Adult Dragon

- Symbol: SCX4
- Description: The fourth and final token in the series, represented by an adult dragon. This token embodies the maturity and strength of a fully developed project.

3. Vision and Mission

Vision

We set out to create an exciting and interactive crypto experience that will charm both investors and pixel art and dragon mythology enthusiasts. We believe that by merging creative artistry with blockchain technology, we can unlock new exciting possibilities for interactive experiences and user engagement.

We aim to build a platform where users are not just investors, but active participants in a vibrant, evolving ecosystem. Our goal is to transform the traditional crypto experience into a dynamic journey, combining the excitement of digital assets with the enchanting world of pixelated dragons, setting a new standard for interactive engagement in the blockchain space.

Mission

Our mission is to establish the Scalyx token as a valuable and multifaceted digital resource that goes beyond being a mere medium of exchange. We aspire to make Scalyx a cornerstone of a thriving community, bringing together enthusiasts and supporters who share a passion for both cryptocurrency and the enchanting world of pixel dragons.

By carefully designing the token's development stages, we aim to cultivate a strong sense of community engagement and participation. Each phase of Scalyx's evolution will offer unique opportunities for interaction and collaboration, encouraging users to become active participants of the Scalyx ecosystem. Through this approach, we seek to build a vibrant, loyal community where the Scalyx token is not just a financial asset, but a symbol of shared creativity and collective growth.

4. Technical Specifications

Token Details

Token Name: Scalyx

- Total Supply: *to be edited* SCX

Decimals: 18

- Contract Address: **CONTRACT ADDRESS**

Blockchain: Ethereum (ERC-20 Standard)

Distribution

Initial Coin Offering (ICO): 40%

Team and Advisors: 20%

Community and Marketing: 20%

Partnerships: 10%

Reserve: 10%

Security Measures

Scalyx will be issued on the Ethereum blockchain as an ERC-20 token, providing a trustworthy and secure environment for transactions and smart contracts. Regular security audits will be conducted to ensure the integrity and security of the token.

5. Development Stages

Phase 1: Introduction of SCX1 (Dragon Egg)

- **Goal:** Launching and distribution of the first token, building the community.
- **Activities:** ICO, marketing campaigns, partnership building.

Phase 2: Introduction of SCX2 (Baby Dragon)

- **Goal:** Promoting growth and development of the project
- **Activities:** Community expansion, additional marketing efforts, introduction of new features.

Phase 3: Introduction of SCX3 (Adolescent Dragon)

- **Goal**: Refining the project and preparing for broader challenges.
- **Activities**: Enhancement of the existing features, further community expansion, solidification of the project's foundation for future growth.

Phase 4: Introduction of SCX4 (Adult Dragon)

- **Goal:** Achieving project maturity and long-term establishment.
- **Activities:** Full implementation of the planned features, expansion of partnerships, maintaining sustainable development.

Phase 5: NFTs

- Look forward to the future stages – eventually NFTs will be integrated into the Scalyx ecosystem, adding unique digital assets thematically linked to dragons. These NFTs will offer new ways for participants to engage with SCALYX, providing exclusive ownership and benefits tied to the project's ongoing development.

6. Roadmap

Q1 2024

Project inception and team formation
Start of token and platform development

Q2 2024

Completion of SCX1 token development
Conduct ICO and start marketing campaigns

Q3 2024

Launch SCX1 on various exchanges
Community building and expansion

Q4 2024

Start of SCX2 token development
Enhanced marketing and community-building efforts

Q1 2025

Completion of SCX2 token development
Launch SCX2 and expand platform features

Q2 2025

Development of SCX3 token
Expansion of partnerships and strategic alliances

Q3 2025

Completion of SCX3 token development
- Launch SCX3 and the implementation of most planned features

Q4 2025

- Completion of SCX4 token development
- Launch SCX4 and full implementation of all planned features, preparation for the launch of Scalyx NFTs

7. Community and Governance

Scalyx is supported by a strong and dedicated community. We prioritize transparency and engagement in order to make the best possible decisions for the project. Token holders will have the opportunity to participate in voting and help shape the future of Scalyx.

Erweitern, tiefer auf die Community eingehen

8. Conclusion

Scalyx is more than just another ERC-20 token – it's an exciting journey through a pixel dragon world, uniting creativity, technology, and community.

We cordially invite you to join us on this journey and help us shape the future of Scalyx!
